Safety Guidelines from (The House Captain Manual)

Safety is our No. 1 priority! Safety is a serious issue during the work days.

Address safety concerns during your opening remarks to volunteers. All volunteers should be briefed at the start of the day that they are working on a construction site and should take all necessary and reasonable precautions to maintain adequate safety standards. Make sure your volunteers don't get themselves into dangerous situations or situations that could be dangerous for the homeowner.

Remember that many of our homeowners are elderly with vision and mobility limitations. They are more likely than we are to trip over scraps of lumber, hurt themselves lifting trash bags or moving furniture. If for some reason something is left undone when you leave, please make sure the homeowner is aware of this.
